

"Look at Me"

When you look at me
I hope that you will see
The helpful things I can do
Sometimes are hard to see

So, when you look at me
I hope that you will see
Not just the things I do wrong
But see the best in me

I am – I am
I try – I try
I smile – I smile
I cry – I cry
I do the best I can everyday

I dream – I dream
I hug – I hug
I play – I play
I love – I love
I like to be with friends
Just like you

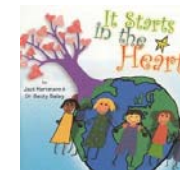

So when you look at me
I hope that you will see
The helpful things that I can do
Sometimes are hard to see

I am – I am
I try – I try
I smile – I smile
I cry – I cry
I do the best I can everyday

I dream – I dream
I hug – I hug
I play – I play
I love – I love
I like to be with friends
Just like you

So, when you look at me
I hope that you will see
Not just the things I do wrong
But see the best in me

When you look at me
